In With the New, Archive the Old

In an effort to help transition the new format of The Unreal OC, I'll be archiving episodes 1 – 23 onto the website – www.theunrealoc.com. These episodes will remain available for download from a special link on the left side of the page.

Also - as of Saturday September 16th, the following feed will no longer be valid: http://www.theunrealoc.com/episodes/therabbit.xml

Those of you using this feed with aggregators <u>other than</u> iTunes, will need replace the old feed address with this one: http://www.theunrealoc.com/episodes/unrealoc.xml

 [This feed is available now, so go ahead and make the switch if you wish.]

        <u>NOTE: iTunes subscribers will not need to change anything.</u>

Sorry for any confusion or inconvenience. With this fresh format, I think that a little house cleaning is in order.

Thanks, and email me with any questions or concerns.

Tom
